Transport to Bungay High School

Students attend Bungay High School from a very wide range of areas. Over 60% of students who attend Bungay High use a bus on a daily basis. School buses come on to our school site and as a result, you can be assured that your child is in school and welcomed by staff when the bus arrives. Likewise, students do not have to leave the school site at the end of the day to get on a school bus.

Some students also use public buses. The majority of these also come on to the school site to ensure that you can feel assured that transport to and from the school results in your child being 'dropped off' safely in school.

To find out more about routes, available buses and costs, please use the following links or contact details below:

Suffolk Passenger Transport:

https://www.suffolkonboard.com/school-travel/

Suffolk County Council School Buses:
